

The European Massage Therapy School

Las Vegas Campus

Campus Security Policy & Crime Report 2025

To Students, Faculty, Staff, & Others:

We have recently completed our campus crime and security report as outlined by the U.S. Department of Education. We encourage and invite you to review the information. Our school's campus security policy is outlined below:

School Campus Security Policy:

We encourage all students, faculty, staff, and others - including student clinic clientele - to report any occurrence of crime which has occurred at our campus to a school administrator (***School Director 702-202-2455***) as quickly as possible. It is our policy to take such action as specified below:

- Hazing Prevention and Prohibition: European Massage Therapy School prohibits hazing. Hazing means any intentional knowing or reckless act committed against a person, regardless of their willingness to participate, in connection with initiation into or affiliation with any student organization or group, when that act creates a risk of physical or psychological injury beyond the reasonable risks of Academy participation. Hazing is prohibited. Anyone who experiences, witnesses, or becomes aware of suspected hazing should report it promptly to the School Director.
European Massage Therapy School will review reports of suspected hazing, may interview individuals involved, review available information, and will cooperate with law enforcement when appropriate. Retaliation against any person who reports suspected hazing or participates in an investigation is prohibited. European Massage Therapy School will provide information to students and employees concerning hazing prevention, recognition, reporting, and bystander intervention, and will promote strategies for building positive group relationships without hazing.
- The administrative staff at the European Massage Therapy School will listen to each case seriously and will determine the appropriate action including; notifying local law enforcement agencies.
- Secondly, we will take administrative action against any student, client, faculty, or staff member if the crime was committed by one of these parties against the other.
- Lastly, if the crime was committed by someone outside of this school against one of our students, clients, faculty, or staff members on campus we recommend that the individual contact a school administrator (listed above) so that we can take action against the individual (***if the situation warrants it***) to keep our campus safe and secure for all to enjoy.

We believe our campus location is safe and have had relatively minor past occurrences of crime. EMTS does not tolerate the possession, use, and sale of alcoholic beverages, and illegal drugs on its campus and will take action as outlined above against those who are participating in such activities. Sexual assault offenses will be handled as outlined above as well. If any student has questions regarding EMTS' policies, procedures, etc. that we haven't outlined above, please feel free to talk to a school administrator.

How to Handle Emergencies:

If there are any on-campus medical emergencies, we recommend that all students, faculty, staff, and clientele call **911** immediately and notify a school administrator as quickly as possible.
